Our house vibrates when trains pass now. It is tolerable w/ 3-5 a day. 20+ trains will make our home intolerable. We are blocked in by the train at UK Zurich Rd & Cuba Rd.

How will people get to work if 4 major & only intersections are blocked. Schools are on separate sides of the track →

We are so affected by this train that it will stop our ~~town~~ city.

Hazardous chemicals travel ^{will} close to our homes. All of these crossings are a safety & traffic nightmare. How can this be mitigated.
